**Transfer of the business activities „Non-destructive testing with microwaves“ from FI Test- und Messtechnik GmbH (FIT- M) to the Rohmann GmbH**

Dear business partners,

„Non-destructive testing with microwaves“ will no longer be a business sector of the FI Test- und Messtechnik GmbH.

We are glad that this business sector is taken over and continued by Rohmann GmbH, a leading company for eddy-current non-destructive testing.

With the transfer of this business sector to Rohmann GmbH the following changes for your primary contacts become effective:
